

QVARTZ Recruitment Day Oslo
September 11, 2018

What gives you a boost?

For us, it's people. People who have an edge, who are driven and who make a difference. Today, the QVARTZ civilisation counts 365 of the kind and while we have grown far beyond our Nordic roots, we have remained one big, unified team sharing the same desire: to change the management consulting industry from within. From our offices in Scandinavia, Germany, the Netherlands, Singapore and the US, we make our dreams come true by transforming that same desire into concrete actions.

For our upcoming recruitment camp in Oslo, we are looking for talented individuals who want to join us as full-time consultants and be part of our civilisation and our continuous journey. More specifically, we are looking for master's students who:

- Have a curious and creative mind combined with strong analytical skills
- Are characterised by a high level of drive, and thrive in an entrepreneurial environment
- Possess a solid balance of intellectual capabilities and excellent people skills
- Have strong academic records and big hearts that beat for management consulting and for building our civilisation

Selected candidates will be invited to a personal interview. If you and QVARTZ both believe there is reason to continue the process, you will be invited to a full recruitment day on September 11, where it is just as important for you to get to know us as it is for us to get to know you. You will meet potential new colleagues up close, and through both individual and group case exercises as well as partner interviews, you will experience some of the challenges faced by management consultants. The recruitment day will take place at our office in Wergelandsveien 21, Oslo. Accommodation for students living outside Oslo will be provided.

Apply online at www.qvartz.com/career no later than August 30, by uploading your CV (no recommendations), grade transcripts (graduate and undergraduate) and a brief motivational letter in English. If you have any questions regarding the position or the recruitment process, please contact Kristine Berg Meland at kristine.b.meland@qvartz.com.
