

Internship

Summer 2019

Kick-start your career in Management Consulting

A.T. Kearney is a top-tier global Management Consulting firm with offices in more than 40 countries. Since 1926, we have been trusted advisors to the world's foremost organizations. With our collaborative and entrepreneurial approach, we are continuing to help our clients to achieve success in a changing environment.

The Program

The A.T. Kearney internship program is an excellent introduction to a career in Management Consulting. We are committed to providing you with a hands-on experience in a dynamic and challenging work environment, with a high focus on personal development. The projects will be carried out within a wide range of industries and you will join our team at the client site. Typical responsibilities include performing complex analyses, working on research assignments and communicating findings to the client.

What You Can Expect

- **Personal development** with responsibility from day one and a steep learning curve combined with continuous feedback, coaching and training sessions
- **A collaborative environment** where you become an integral part of the team with experienced colleagues dedicated to help you grow as you tackle challenges for leading companies in the Nordics
- **Inspiring projects** focused around interesting and challenging topics such as: strategic issues, innovation, digitalization and large scale transformations

What We Seek

We are looking for talented problem-solvers who are ready to join our Oslo office for 8-10 weeks during summer 2019. Apply if you have the following qualifications:

- 3rd year Bachelor or 1st year Master student with excellent results
- Strong critical thinking and analytical capabilities
- Forward-thinking and collaborative approach to problem solving
- Fluency in a Scandinavian language and in English
