Navigating the road to success

Are you looking for an exciting opportunity to advance your skillset and grow professionally? A career in management consulting might be just what you need. Join us at the Women Leadership Summit in Oslo on June 22 to explore the possibilities of becoming a consultant at Bain. This event will provide you with a better understanding of what it takes to succeed and whether consulting is the right path for you.

WHAT'S THE SUMMIT ABOUT?

Get ready for an exciting full-day program packed with valuable opportunities to expand your skillset, broaden your horizons and build a network of fellow students and Bain consultants.

- Our workshops and sessions will focus on the following key themes:
- Inspirational leadership and how to flourish in your career
- Life as a management consultant - featuring personal stories and project examples
- Exploring your personal preferences and how to use these in case teams
- The Bain recruiting process and how to succeed in the case interview

You'll collaborate closely with fellow participants and Bain consultants throughout the day, and gain valuable insights about yourself, consulting and the dynamic work culture at Bain. Our aim is for you to leave the event with a deeper understanding of consulting and how Bain can help you achieve your professional goals.
